

NESCAFÉ AP211

NESCAFÉ Hot Beverage Vending

One machine. So many choices.

The NESCAFÉ branded vending machine offers an unbeatable choice of your favourite hot beverages; made without fuss and with no mess. Serves hot drinks in seconds, 24 hours a day. Serving coffee, hot chocolate and tea from some of Australia's favourite brands, the NESCAFÉ vending machine covers all your hot beverage vending needs. And because every business is different, NESCAFÉ vending machines are available as coin operated, card operated* or free vend.

Fully backed and serviced by Nestlé: Rest assured that technical support is never far away and stock issues are taken care of, which eliminates the need for your staff to fill and manage the machine. It's simply a smarter choice.

*Ask your Nestlé Professional contact about site requirements for Card Operated vending.

- Trusted brands including: NESCAFÉ, MILO, NESTLÉ Complete Mix Hot Chocolate and more
- Modern equipment backed with guaranteed servicing
- Nestlé Quality Assurance Program ensures absolute confidence in the quality and safety of our products served
